DECORATIVE FANLIGHTS & DOOR LIGHTS COLLECTION

Make an *impression* that lasts

The Roc Bevel range of bevelled glass clusters gives you the most comprehensive range of door panel and fanlight designs available on today's market.

The latest innovations in the decorative grille are also included in this catalogue and our latest designs will enhance the look of your property. The encapsulation of the decorative grille in between the sealed unit provides you with a maintenance free product with immense

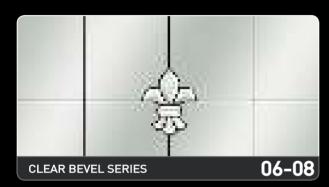

beauty. You can choose from our range of standard designs or select and create your very own designs to suit your individual taste. We only work to the highest standard of manufacture, so you are assured of a quality product.

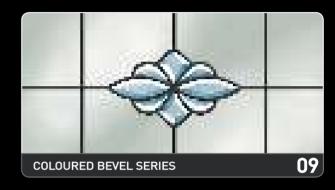

Let Roc Bevel help you design and create features on windows and doors, which will enhance the mood and capture the atmosphere of your home.

Refreshingly unique designs

Add a touch of style and elegance to your home

classic range has taken decorative window grilles to a new level by firmly establishing Roc Deco leading innovators in window and door design. Allowing you even more choice to add a touch of class to your home. These fascinating designs compliment the exterior and interior of your home whilst providing a sense of security, safety and comfort.

The classic range also includes the pioneering range of fusion Decorative Grilles which incorporates a fused coloured glass tile inside a grille to give a visually stunning effect.

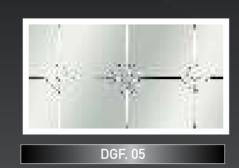

CLASSIC GRILLE FANLIGHTS

Refreshingly unique

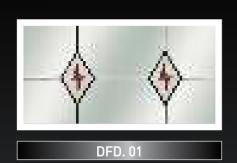

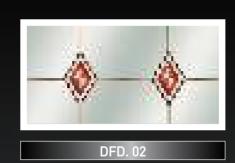

Creative solutions for your glass

Fusion glass is produced by using a furnace to bring coloured glass to a molten stage and carefully mixing the colours, producing beautiful glass tiles. These are bonded with an optically clear resin to a carrier glass. These designs are perfect for entrance doors, side-panels and bathroom windows etc, bringing to your home a quality that is truly reflective of modern living. The Fusion glass system is available in many different colours and shapes.

FUSION SQUARES

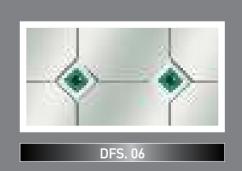

Cutting-edge designs for a perfect surrounding

Roc Deco decorative grilles are manufactured using 100% precision engineering. The aluminium bar is anodised prior to going through a process of roll-forming to create the required tubular shape. The injection moulded ABS plastic components are created using an electro plating galvanic process to ensure UV stability. The **Roc Deco** decorative grilles are totally encapsulated inside a sealed unit, giving you a lifetime of protection from the elements.
